

We are indebted to Hon. T. B. Butler for a bound volume of the Congressional Globe.

THE ILLUSTRATED MAGAZINE OF ART for April, is better than any of the previous numbers, and this Magazine now ranks as the first of its class in this country. Published by Alex. Montgomery, 17 Spruce street, New York.

THE LISTS.

The Whig Committees in every town should see that a thorough and complete list of their voters is made out in season. See that every Whig who is or can be made a voter, is put upon the Registry List, and also see that the name of no illegal voter is placed on the list by our opponents.

VOTE EARLY!

We cannot impress too earnestly upon our friends, especially those in the outskirts of the town, the great importance of coming up to the ballot box and depositing their votes in the morning. **VOTE EARLY!**—that you may have the most time to battle the enemy or look up those who have failed to vote.

CHALLENGERS.

Many illegal votes are given against us every year, from a dislike on the part of our friends to challenge. The Whigs are never satisfied with such money and we want every honest man to see to it. It is a duty every honest man owes his country to challenge any illegal voter, irrespective of party, and we hope to see it done.

On a telegraphic dispatch from Vienna, of the 14th of March, announces the death of Marshal Hayman.

News from HAVANA.—The steamer Isabel has arrived at Charleston with six days' later news from Havana. Mr. King is no better. Some disturbances have taken place among the troops at Santiago de Cuba which did not amount to much. Another lot of slaves is said to have been successfully landed on the island, notwithstanding the vigilance of the British cruisers.

CONSULS OF THE UNITED STATES.—We see it stated that the most lucrative of our consuls is that of Panama, which is rated at between thirty five and one hundred thousand dollars per annum. Havana is next, then Liverpool, and afterwards in order come Buenos Ayres, Matanzas, Havre, Alexandria and Hong Kong, or Canton. The commercial agency at St. Thomas, Danish West India Islands, is said to be worth from six to ten thousand dollars a year.

Murderous Assault.—We learn from the New Haven Palladium, that on Monday night about 7 o'clock, Mr. Frederick A. Bradley, while passing down Olive street, below Grand, was killed by the bullet of a slung shot, which took effect on the back part of his head. He soon recovered sufficient consciousness to call for assistance, which brought to his aid Constable William H. Stanley, who forthwith arrested three fishermen, who had no time to escape—two others in company have been since captured, and all committed to the county Jail for further examination. Robbery was no doubt their object. The men are from New York.

There are petitions for banks with capitals to the amount of \$17,000,000, before the Massachusetts Legislature. Not one of these banks choose to come under the general banking law, and not a bank has gone into operation in that State, under that law.

Suicides in New York are becoming an every day occurrence. On Sunday last, a Spaniard, named Manuel Torado, shot himself at the Florence Hotel, in the head with a pistol loaded with slug shot. A love affair seems to have been the cause.

BALTIMORE, March 28.

A terrible accident occurred on the Baltimore & Ohio Railroad last evening, when the train was about 70 miles west of Cumberland. A number of passengers were instantly killed and many severely injured, including several ladies.

MORE APPROPRIATIONS.—The Act recently passed by Congress, making appropriations for the Naval Service, contains the following for Connecticut: For Buoy on New Haven Harbor, \$200. For a Buoy on Penfield Reef, \$150. For a Beacon on Race Rock, L. I. Sound, \$7000. For the erection of one or more Beacon Lights below Middletown, on the Connecticut River, and for the erection of Buoy and Spindles, \$3000. For the erection of a buoy, or whistle, (as the Light House Board shall determine), on Point Island, in Fisher's Sound, \$1000.

MR. KENNEDY ARRESTED.—Baltimore, March 25.—A despatch from Washington says that Mr. Kennedy, recently removed from the office of Superintendent of the Census, was arrested in that city yesterday, charged with an obstruction of public documents in violation of an act passed by Congress.

Wm. J. Sears, who had been working in a factory in South Coventry, on the 19th inst., had his right hand caught in the main gearing and injured so badly as to require amputation.

The Cincinnati Enquirer is authority for the statement that immense frauds, amounting in all to \$450,000, have been perpetrated upon the Minnesota Indians, by parties who had something to do with the payment of the Government Annuities. They not only brought forward fictitious claims against the Indians, but paid off many of them in spurious paper, pretending that it was on the Bank of America, an institution in Washington.

The late Texas news states that it is a painful fact, and worthy of consideration that the Indians of Texas are now in almost a starving condition. Wild game which affords their only means of subsistence, has disappeared; and they are reduced to the necessity of eating their horses or starving. Persons who have recently traveled through their country, say that whole days may be passed without meeting with game of any description; and the Indians, feeling the neglect of the Government towards them, and impelled by hunger, have to pass the bounds prescribed for them by the Government. Hence the recent incursions into the settlements, and the necessity of the late call of the Governor of that State for the companies of rangers which have just been discharged.

The household furniture, carriages, etc., of the late Hon. Daniel Webster, were sold at auction, Friday, at Carnahan's saloon, Washington.

Dr. E. P. Bishop, Esq., has been appointed President of the Housatonic Road, in place of Mr. Perry who has resigned. Since the discovery of the silver mines of Potosi, there have been excavated from them not less than sixteen millions of dollars. The vein is said to be as rich now as ever it was, but it is not worked for the want of mechanical force such as steam, and the facilities which steam alone can furnish.

What can be got for Five Dollars!!

The undersigned have entered into an arrangement with the publishers of the Knickerbocker Magazine, (monthly), and the Musical World and Times, (weekly), to new subscribers at the very moderate price of five dollars a year for the three publications; all orders enclosing that amount to Dyer & Willis, will be promptly attended to.

SAMUEL HUSTON, Publisher of the Knickerbocker. **MORRIS & WILLIS,** Publishers of the Home Journal. **DYER & WILLIS,** Publishers of the Musical World and Times, 257 Broadway, New York.

GRAND LITERARY AND ARTISTIC COMBINATION.—Arrangements have been made to furnish the KNICKERBOCKER MAGAZINE, the HOME JOURNAL, and the NEW YORK MUSICAL WORLD and TIMES, to new subscribers for FIVE DOLLARS a year. This is a cheap literature, with a vengeance. The Knickerbocker is \$3 per annum; the Home Journal, \$4; and the Musical World and Times, \$5; making \$3 a year at the usual rates. That three such works can be obtained for five dollars a year, is a fact truly worthy the CALONIC age, which is just now being ushered in. Of the Knickerbocker Magazine, edited by LEWIS GAYLORD CLARK, it is unnecessary to speak. For twenty years it has been the most genial, humorous and spicy monthly in the world; and the present volume will be better than any which preceded it. The Home Journal, edited by Geo. P. Morris, and N. P. Willis is well known as the best family newspaper in America; and the Musical World and Times, edited by Richard Storrs Willis, with Lowell Mason, Geo. H. Curtis, Thomas Hastings, Wm. B. Bradbury, Geo. F. Root, and other musical writers contributing and which gives among other things over \$30 worth of music and a full course of instruction in harmony annually is the very best musical journal ever published. These three publications will cost a family up in regard to nearly everything worth knowing—Art, Science, Literature, Music, Painting, Sculpture, Inventions, Discoveries, Wit, Humor, Fancy, Sentiment, the Newest Fashions and other attractions of Ladies' Choice; New Series for the Sabbath; the Church, and the Festival Reviews; and Criticism of Musical Works, Performers and Performances, (in short the very pick and cream of Novelty and Science) including whatever can be given in periodicals to promote Healthy Amusement and Solid Instruction in the family and help to make it better wiser and happier may now be obtained for FIVE DOLLARS. Address DYER & WILLIS 257 Broadway.
